The view is sensational.

This well built comfortable home in a popular pocket of Highton on 835m2 is sure to impress.

Offering 3 large bedrooms all with BIRs, huge family room, large open plan living/dining/kitchen with that view.

The private backyard with entertaining area is a great place to relax or entertain family and friends.

Double garage.

Would make an ideal first home or family home. Very handy to North Valley shops and Highton Village.

You won't forget the view.
