

105 North Valley Road HIGHTON VIC

3 2

The view is superb at this well built, comfortable family home in a popular pocket of old Highton on a good size block, which is sure to impress.

Offering 3 bedrooms - main with a view, ensuite and walk in robe, plus study, balcony off the lounge to capture the fantastic views, central kitchen, dining and sunroom that captures the northerly rays.

The private backyard is a great place to relax or entertain family and friends, there is plenty of off street parking and a large multi purpose room or convert back to a double garage.

Would make an ideal first home or family home. Very handy to North Valley shops and Highton Village.

You won't forget the view.
