

20 Moss Road LEOPOLD VIC

3 2 2

There's a lot to admire about this three year old home but the real standout is the outdoor Balinese inspired spa area that takes relaxing to a whole new level. Built with entertaining in mind, this three bedroom home is centrally heated and has generous living areas including a multi purpose room that could be used as a study/gaming room, or a fourth bedroom if required. The master bedroom boasts a generous WIR and an ensuite which includes a free standing bath. A state-of-the-art kitchen with stone benchtops and SS appliances overlooks the air-conditioned family room which opens to a fabulous undercover deck - perfect all year round. A remote double garage with internal access plus access from the side street allows space for your boat/caravan as well. Call today to inspect - this one will impress.
